Computer Science Engineer with +3 years of experience in Guru Nanak Dev Engineering College, Ludhiana. An innovative thinker, initiative taker and multi dimensional professional with exceptional logical and analytical skills in computer-based software. Looking for an opportunity in the field of information technology as computer programmer in a renowned organization.

Project Experience

- Beautifully Designed Map of India** **GreatDevelopers**
<https://github.com/GreatDevelopers/pbOSM> 2017
This project aims at beautiful design map of India with customizing CartoCSS styles, providing various animations in Javascript and 3-D Map. One can view it over <https://lab.gdy.club>
- Certificate Generation System** **6-weeks Project**
<https://github.com/amisha2016/Certificates> 2016
This application is a portable application used to Generate Certificate for single candidate providing his/her details along with image, As well as for Batch/Number of candidates by simply providing the CSV format file (containing details of every candidate) along with candidate images in a compressed (tar.gz or zip) folder.
- Installation of OSM with Shell Scripting** **Automation**
https://github.com/amisha2016/osm_installation_script 2016
A long task to make an OpenStreetMap server is reduced to just two lines command. Isn't it interesting? Just run the script and have a cup of coffee:)

Education

- Bachelor's Degree in Computer Science and Engineering** **81.96%**
Guru Nanak Dev Engineering College, Punjab, India 2014-2018
- Higher Secondary Examination** **86.2%**
B. C. M Arya Model Senior Secondary School, Shastri Nagar, Ludhiana, (CBSE Board) 2014
